## ***Your Vision is Our Business!***

Kanthan Design Corporation is one of the most-sought after boutique Architecture & Planning firms in South Florida. Our vast portfolio of prolific and accomplished professionals continuously strive to create vibrant, sustainable design interventions that bring durable and profitable value to our clients and to the society and culture they are built in.

Kanthan Design Corporation was founded in 2012 by its principal officer Supradheep (Abhi) Kanthan, R.A., NCARB. Mr. Kanthan is the cornerstone of Kanthan Design Corporation. As a successful award-winning and innovative design professional, Mr. Kanthan has pushed the design envelope greatly and always encourages ambitious development within all his associates.

Mr. Kanthan has been involved in hundreds of complex design projects over the past decade. His dedication and perseverance towards his goals and ideals as an individual have been the same standards that Kanthan Design Corporation has built itself on. Mr. Kanthan is always actively involved in all facets of Kanthan Design Corporation and his professionalism and motivational spirit uplifts all individuals that he collaborates with.

With over 1,000+ custom projects completed, the firm is known for its ability to deliver an original low-risk, high-reward design solution to all our customers without losing the personal approach and individualized care that comes with every decision. By keeping all services under the Kanthan Design Corporation umbrella, we are continually able to provide our clients with a quicker and less expensive result to construct and enjoy.

The firm offers a full-time leadership staff and numerous consultants and engineers capable of handling all types of architecture & planning design services in almost every industry from the residential, commercial, industrial, medical, civic, business, retail and hospitality sectors to name a few. We are also capable of various governmental projects such as Historic preservation, recreational parks and CRA development.
